Opposition to the
GOSPEL,
and victory in
ASIA!

CONFIDENTIAL! PLEASE DO NOT PASS ON!

Our Gospel Festival at the end of 2023 was held in a region of Asia where there is much opposition to the preaching of the Gospel of Jesus by extremists and by the government. People have been arrested, deported, and imprisoned for preaching Jesus openly in this region.

It is an interesting fact, and the 2000-year-old history of the church has shown, that the Gospel is always victorious, and that the church always thrives when there is opposition and persecution. At the same time, it must be noted that this does not happen by default. This happens only when the followers of Jesus stand strong in their faith and preach the Gospel fearlessly in the face of opposition.

We were unsure as to whether or not we would be able to preach in this region, but some of the local believers who are also our friends took a stand with us, together for the Gospel. The churches in the area (all non-Pentecostal and even including the Catholic bishop) managed to obtain permission to hold a three-night event, a “pre-Christmas prayer and healing” festival. Our team was right there working alongside them. We could not hold our meetings in the town where the people lived, but could meet in a field belonging to a church, several miles outside of the town. We were also told by the authorities not to mention the word “healing” in our advertisements, and then were told that we were not allowed to pray for the sick. The chief of police was to enforce the “no healing rule.”

For me, although we always respect the law and local authorities, the “no healing rule” was unacceptable. This is because healing is a blood-bought blessing obtained by Jesus when he was whipped by the Romans using a “flagrum,” a whip consisting of nine belts of leather covered with sharp metal barbs and hooks. Watch the movie “The Passion of the Christ” and you will see how our Lord Jesus suffered under that flagrum when our diseases were put upon Him. If we understand the terrible price that the Lord Jesus paid for our diseases, how can we preach a Gospel that does not preach both salvation and healing for all of humanity? Not only that, but the New Testament Greek word “Sozo,” which is often translated as “salvation,” also literally means “healing” and “wholeness for the whole man; spirit soul and body.”

Because of this, healing, and wholeness of the sick and the tormented in body and mind are an integral part of the Gospel. **“Jesus Christ saves, heals, and sets free!”** This is the FULL Gospel!

Jesus commanded us to preach the Gospel and to heal the sick. Not to do so would be disobeying a Biblical command and we do not want that!

“And he sent them to preach the kingdom of God, and to heal the sick.” Luke 9:2

“And as you go, preach, saying, ‘The kingdom of heaven is at hand. Heal the sick, raise the dead, cleanse the lepers, cast out demons. Freely you received, freely give.’”

Matthew 10:7-8

Multitudes came out to hear the Gospel.

We started our festival with great expectations from the Lord, and I asked our local team leader to preach. Because ours was a “Christmas event,” I wanted all the preaching to be from the Christmas story. Many gave their lives to our Lord Jesus the first night.

After that, I decided to pray for the sick even though we were being watched. We did not lay our hands upon anyone, but told the people to put their hands on their own bodies, and I prayed from the platform. That way I could not be accused of healing since I did not touch anyone! I was merely praying, and God was doing the healing.

Please also note that we NEVER take up offerings in any of our Gospel festivals and crusades, because we do not want to be accused of taking money from people to heal them.

Many people were healed that first night, with tumors disappearing and deaf ears opening.

After that first night, the police came accusing us of healing people and warning us not to do it again.

One might wonder why even take the risk to come here to a rural town to preach the Gospel, instead of going to risk-free cities in “open nations” where we can preach to massive crowds instead. My answer is, “because our Lord Jesus wants to visit the people in this place.”

“And sent them two by two before His face into every city and place where He Himself was about to go.”

Luke 10:1

That is why we also go to such places!

The next day the crowd multiplied. I was told that there was a sizeable group of police and officers from the intelligence services who were sent there to monitor and report on everything. A very large multitude responded to the Gospel message and received the Lord Jesus this evening.

After that I asked all the pastors to stand in a line on the platform and stretch their hands out over the crowd. I then prayed a mass prayer over the crowd and asked all the pastors to also pray. That way they could not accuse any single person of praying for healing!

The Lord poured out His power and many people were healed and testified.

- A man who had been paralyzed for eight years got up and walked after Jesus touched him.
- Deaf ears were opened.
- A girl born totally deaf and mute, heard and spoke after our Lord Jesus touched her.
- A woman testified that she had a large tumor in her abdomen that had disappeared.

Others testified of things that the Lord had done for them.

Jesus touched this girl born deaf and mute. She began to hear and repeat words after me

This paralyzed man walked on his own after 8 years.

News of what the Lord had done the first two nights had spread, and on the last night a massive crowd had gathered to hear the Gospel. Once again, police and officers from the intelligence services were there. The chief of police was upset that we had flouted their orders and had prayed for the sick anyway. The warning went out yet again: "No healing allowed!" They simply did not want anybody healed through the name of the Lord Jesus Christ. The Lord Jesus and His name have always been a stumbling block for those who actively oppose the Gospel. Miracles are irrefutable proof of the power of Jesus Christ, so they would prefer a "toothless gospel" instead.

A large multitude responded to the altar call and gave their lives to the Lord Jesus. After this, the power of God surged mightily through the crowd, and a huge number were healed and lined up to testify. They came up one after one and testified of the things that the Lord had done for them. Deaf, deaf-mute, depleted eyesight, broken limbs, etc. The testimonies went on for a long time when suddenly our PA system went silent. The police at our meeting had received a direct order from higher up and switched us off because we had prayed for the sick and people were testifying of what the Lord had done for them. We were told to close the meeting and to disperse, which we did.

Thus, we were shut down and had to end our meeting. But never mind, the Gospel is always triumphant over the powers of darkness and always will be!

Romans 8:37-39 says:

"No, in all these things we are more than conquerors through him who loved us. For I am sure that neither death nor life, nor angels nor rulers, nor things present nor things to come, nor powers, nor height nor depth, nor anything else in all creation, will be able to separate us from the love of God in Christ Jesus our Lord."

We are thankful for the great Harvest of souls that we could win for our Lord Jesus. **We give Him all the Glory for all things!**

What a priceless privilege it is for us to preach the Gospel! Thank you for your support. Thank you for sending us out to the Harvest fields where the lost are.

Please do continue with your financial support and your prayers. We are trusting God to speak to more Pastors, churches, businesses, and believers to partner with us with regular financial support.

May the Lord bless your seed sown back and multiplied, with full measure!

In Christ,
Christopher Alam
